

# MxPx, Time Will Tell

I know I'm on the edge of falling through the cracks  
My strength is spent but I can't turn back  
Nothing's gonna change the way I feel  
Only time will tell  
Only time will heal

FAILURE! CONFUSION! ANGER! REVOLUTION!

It's not hard to look back  
It's hard to look ahead  
It's weird to think  
That someday I'll be dead  
Anger and confusion I can understand  
But failure, I just can't accept

FAILURE! CONFUSION! ANGER! REVOLUTION!
