MxPx, Time Will Tell

I know I'm on the edge of falling through the cracks My strength is spent but I can't turn back Nothing's gonna change the way I feel Only time will tell Only time will heal

FAILURE! CONFUSION! ANGER! REVOLUTION!

It's not hard to look back It's hard to look ahead It's weird to think That someday I'll be dead Anger and confusion I can understand But failure, I just can't accept

FAILURE! CONFUSION! ANGER! REVOLUTION!
