

# MxPx, Today Is In My Way

It breaks my heart it makes me sad  
to think of all the times we had  
You made me laugh and you make me cry  
And all that I can do is sigh, and wonder why  
How will I get through tomorrow  
If I can't make it through today?  
How will I get through tomorrow,  
when today is in my way?  
Today is in my way  
What's done is done and in the past  
good things come and go so fast  
You looked up at me and said goodbye  
All that I could do was sigh and wonder why  
I deserve all that I get  
serves me right I will admit  
and today just won't go away
