

# MxPx, Weak

Light my path show me  
the way filter everything  
i say try to forgive try  
to forget why do i do what  
i regret? my flesh nature  
won't abide its ripping  
me apart inside Jesus  
pulls me back together  
my soul will be with him  
forever can't get away  
from bitterness can't  
seem to lose my  
selfishness my faith in father  
God cause i am  
weak and he is strong!
