

MxPx, Young And Depressed

Youve got so many problems
No one else thinks you can solve them
Where did the time go
Everybody wants to know
Life goes on day after day after day
Too much work and no play

When life seems like it cant get any harder
When you feel like a martyr
When youve lost all control
That's when youve let the whole world know

Youre young and depressed
With no future in this loneliness
Youre young and depressed
But youre pretty well dressed
Yeah youre pretty well dressed

I know that youve been hurting
So much has led up to this
Your eyes are burning
Hard times make the heart agree
That's all that you want is to follow your dreams
They all fall apart at the seams

Discontentment turns to anger turning sour every lonely hour
Yeah depression
Failed relations turn over a new leaf will it be a four leaf clover?
Yeah obsession yeah depression yeah
