MxPx, Young And Depressed

Youve got so many problems
No one else thinks you can solve them
Where did the time go
Everybody wants to know
Life goes on day after day after day
Too much work and no play

When life seems like it cant get any harder When you feel like a martyr When youve lost all control That's when youve let the whole world know

Youre young and depressed With no future in this loneliness Youre young and depressed But youre pretty well dressed Yeah youre pretty well dressed

I know that youve been hurting So much has led up to this Your eyes are burning Hard times make the heart agree That's all that you want is to follow your dreams They all fall apart at the seams

Discontentment turns to anger turning sour every lonely hour Yeah depression Failed relations turn over a new leaf will it be a four leaf clover? Yeah obsession yeah depression yeah
