

My Black Sky, Something Else

I forgot you
but something i wont do
is to forget what you did
it's something we can't rid
get out of my way
'cause i'm happy today

(Pre-chorus):
you won't bring me down
'cause everything is okay
no you won't /bring/me/down

(chorus):
don't bother me
i have something else to do
somebody else to see
i forgot you
i dont wanna think about our old story
that was a stupid thing
Goodbye!i'm leaving
i have something else to do

today is a brand new day
a new day without you
dont worry about me
i'm fine 'cause i'm without you
it wasn't easy
but now i'm happy

(pre-chorus):

you wont bring me down
'cause everything is okay
no you wont /bring/me/down/

(chorus):
dont bother me
i have something else to do
somebody else to see
i forgot you
dont wanna think about our old story
that was a stupid thing
Goodbye!i'm leaving
i have something else to do

(bridge):
dont try to be my friend
or to talk to me again
'cause i wont listen to you
and dont try to/bring/me/down!

(chorus):
dont bother me
i have something else to do
somebody else to see
i forgot you
dont wanna think about our old story
that was a stupid thing
Goodbye ! i'm leaving !
i have something else to do !!!!
