

# My Black Sky, Somewhere In The Past

she looked like an angel  
'cause she hides her defaults  
so please whe you think you love her  
just turn and come back !

(chorus):

one day god decided to punish her  
to send her somewhere  
without shopping center  
she tought she was in Hell  
but she was lost somewhere in the past !

she had a big dream  
be like her idol  
not to sell ice cream  
bitching,  
f\*\*king,

shopping,  
that's all she's doing !

(chorus):

But one day god decided to punish her  
to send her somewhere  
without shopping center  
she tought she was in Hell  
but she was lost somewhere in the past !

(bridge):

we did never see her again  
God just rid us of this pain  
she's still lost somewhere in the past
