

# My Bloody Valentine, All I Need

You don't ask what I needed to do  
When I come back you'll need to choose  
Oh, whatever I ask you take take take take  
Oh, this is all I need to say

It's in your eye, I wondered why  
No need to say (how close) can we lie  
Oh, we don't talk, you know all I need  
Oh, this is what I need to take

You don't ask what I needed to do  
When I come back you'll need to choose  
Oh, all I ask you do do do do  
Oo, this is all I need from you
