

# My Bloody Valentine, Never Say Goodbye

Faces in the sand  
Let me take you by the hand  
Where do you come from  
From a strange and secret land  
Dark and scary eyes  
And you feel you're always this way  
Take me by the hand  
Let me show you games we can play

Take me by surprise  
Hide nothing from the shadows  
We can kiss the sky  
Never say goodbye  
As we chase the clouds away  
Pictures in the air  
Would you let me take you there  
Hold me, I will fall  
And I'll show you how much I care  
Paint your silver smile  
Show you things that won't be sad  
Let me take you there  
And I'll show you what fun can be
