

# My Bloody Valentine, Sunny Sundae Smile

Close your eyes and let's pretend  
We're little children once again  
Sticky fingers, dirty minds  
When I touch you, girl I come alive

Let's fall in love  
Its exciting  
I'm gonna make your mouth  
A sunny sundae smile  
Tie a ribbon in your hair  
Try not to notice how I stare  
There's desperation in my voice  
Have I hurt you, I have no choice

Let's fall in love  
Its exciting  
I'm gonna make your mouth  
A sunny sundae smile

It looks lovely  
Illustrates me  
Seems to wrap your eyes  
A sunny sundae smile
