

My Former Self, Like A Drug

This engagement is gasping for oxygen
And I don't think we'll make it out alive
My intentions remain hidden for the meantime

You're my broken record that I can't stop spinning
Pollution in the air that I won't stop breathing
I'm coming to terms with always failing
And nothing ever seems to be stopping me
You're just like a drug

I can feel you inside my veins
Inviting every single thing I hate
Too much to handle, requesting one last taste
To send me on my way

You're my broken record that I can't stop spinning
Pollution in the air that I won't stop breathing
I'm coming to terms with always failing
And nothing ever seems to be stopping me
You're just like a drug

You keep me faithfully overdramatic
Parasitic, you kill me from the inside
