

My Fortunate Downfall, Loneliness Is A Choice

i am searching for outlets of inspiration
your attention
and recognition that existence isn't all there is
no, existence isn't all there is
but we know loneliness is

would knowing what i'd be going through change my choices
and my actions or the outcome of events?

i know, i know
i am here for a reason one day i'll accept
but that doesn't stop the feelings now--
the feelings of regret

i don't want to have to deal
with you and everything that goes along
no, i don't want to have to deal

with you and everything that goes along
'cause we both know EVERYTHING's wrong

would knowing what i'd be going through change my choices
and my actions?
(or the out come of events)
we know everything's wrong

i know, i know
i am here for a reason one day i'll accept
but that doesn't stop the feelings now--
the feelings of regret

i know, i know
i am here for a reason one day i'll accept
but that doesn't stop the feelings now--
the feelings of regret
