

My Hotel Year, Breathing Patterns

You'll never know
How you sing
When you're asleep
And I'm listenin'
I'm listenin'
You'll never know
How you say the things you say
And I'm listenin'
I'm listenin'
For my name
For my name

You'll never know
How you sing
While you're asleep
And I'm listenin'
You'll never know
How you say the things you say
And I'm wondering
I am wondering
who's to blame

it's okay
it's alright
it's all inside your mind

wondering
listening
