

My Life With The Thrill Kill Kult, Glamour Is A Rocky Road

﻿As soon as I can
I'm getting out of here

Glamour is a rocky road

Skin flicks, lipstick
Baby scribbles in the mirror
Drama over doses
Night shirt, mind twist
She's got her finger on the trigger
Drama over doses
Cheap tricks for kicks
Nasty little plaything

Glamour is a rocky road
And then he hit and it felt like a kiss
Glamour is a rocky road

Chickie baby's gone off the deep end
