

My Life With The Thrill Kill Kult, Hit And Run Holiday

Let go! And swing it to the street-beat
Put the road under your wheels and burn, baby
Turn into the high life
Take it on a wild, wild ride

Let go! And take it to the speed way
Get into the action and kiss it all goodbye, bye baby
Pull it into outer-space living in a wild, wild race
Move into your mind's eye
Running with the wind
Super sonic cool drag
Little hit and run heroine

Let go! Bye, bye baby
Let go! Bye, bye baby
