

# My Ruin, Stick It To Me

Stick It To Me

it doesn't matter what i say  
doesn't matter what i do  
i don't really give a fuck about you  
nowadays it's all fake  
put some make up on your face  
looking like a fucking chick  
in lipstick  
there is nothing here for me  
dressed up in your new disease  
hollywood is full of shit  
don't ask me to sell my soul  
i would rather be myself  
you  
do what you're told

stick it to me  
i know you want to  
stick it in me  
you know you're going to  
stick it to me  
i know you want to  
stick it in me  
you know you're going to  
take a picture if you need  
while i bleed

what makes you think that you know me  
dinner and an interview  
but i'm not a fan of you  
at least i tell the truth  
damned if i do  
damned if i don't  
damned if i will  
if i won't  
stab me in the back and buy me one more drink  
suck my trust until i'm fucked  
then you can say you fucked me  
you're so sneaky with your surprises  
you're so sweet underneath disguises  
i can't wait for you to criticise this  
don't think i don't know how big your knife is

stick it to me  
i know you want to  
stick it in me  
you know you're going to  
stick it to me  
i know you want to  
stick it in me  
you know you're going to

you don't know me like i know myself and i will never tell  
you don't know me like i know myself  
you can go straight to hell
