

# My Vitriol, It Came Crashing

And it's only a thousand miles away  
But I'm coming and I'm taking you away

And she's trying to find the words  
As she's turning off the waterworks  
For a while  
And I'm trying to get a hold  
But it feels like we are getting old  
Before we know

And it's early for the coming of your age  
And it breaks me, the decisions that we'll make

And she's trying to find the words  
As she's turning off the waterworks  
For a while  
And I'm trying to find a way  
But they came crashing all the way  
But still, baby, what can I say?

And she's trying to find the words  
As she's turning off the waterworks  
For a while  
And I'm trying to find a way  
But they came crashing all the way  
But still, baby, what can I say?
