My Vitriol, War Of The Worlds

Wanna see me waging a war on the world? Wanna see me waging a war on the world? Well, I will, I will Just as all the good things come to an end Even the survivors will die in the end, in the end

And my heart aches My heart aches And my heart aches My heart aches Inside

It really starts to hurt the more that you know You lose a silver lining as the clouds unfold But you know, you know I lost a piece of mind, body and soul I guess that evolution makes you a whore Oh no

And my heart aches My heart aches And my heart aches My heart aches Inside

If only you, if only you Couldn't break my heart And I'll be seeing you some time In another life When this all goes wrong
