

# Mya, Girls Like That

Cause they look so good  
Cause they look so good  
But the mind is not ready  
Cause they look so good to you  
Cause they look so good  
But their minds are not ready

Every time you're out with me  
Funny how they catch your eye  
Those kinds of girls the simple kind  
Thinking that the game is tight  
They see you pull up with me  
They look and they roll their eyes  
They wait around planning how  
They can bounce up in your ride

1 - Cause they look so good  
All the stuff in their Prada  
But if your pockets ain't full  
Son you ain't getting nada, oh no  
Cause you look so good  
Rollin' up in your Lexus, oh yeah  
But when you're chips run out  
They run off with the next man  
Don't forget it

2 - Girls like that  
Just wanna trick all your dough  
Spend all your money on hair and clothes  
Why you gotta hold me  
I'm together naturally  
Boy they'll rob you blind  
Guys if you like  
Girls like that  
Wanna tear da club up  
Need to take care of their kids at home  
They be hoppin' in and out of cars  
Sittin' thirsty at the bar  
Boy they'll rob you blind  
Guys if you like

I caught one lookin' at me  
Why you disrespectin' me?  
You look at her in front of me  
I don't feel no jealousy  
But if it's where you wanna be  
Don't let me hold you back  
Take it what, you're the fool  
If you wanna be with that

Where my girls that own their own cars at?

Don't need nobody to support you or love you  
And you don't need to disrespect yourself  
To make no kind of money

As long as you taking care of them
