

# MyChildren MyBride, Circle The Sky

You made this bed with idle hands,  
tired hearts, and unspoken souls, our  
death is out new breath  
my coma is my life

Sleep on, dream on  
Circle the sky

I know you're better than this  
You're not the same as you were before,  
You've changed you're not the same

You're not the same as you were last night  
You've changed, you're not the same  
The I Love You's and goodbye hugs, right out  
the door

I can't believe you did this to me  
I can't believe it happened again  
And I'll pass 10,000 just to be with you  
And I'll pass 10,000 more for you by my side  
With you by my side, how can you fail  
With me by your side, how can you die  
A murder, a modern day suicide
