

# Myles Smith, Wait For You

[Intro]

I see you fightin' those demons inside  
I will wait for you, I will wait for you

[Zwrotka]

Old friend of mine  
See you walkin' down the road  
But you don't have to walk alone  
No need to hide  
I know it's hard to let it go  
It's even harder if you don't

[Pre-Chorus]

Oh, oh-oh  
It gets better when you reach the other side  
Oh, oh-oh  
It's hard to see it, but I promise there's a light

[Refren]

I see you fightin' those demons inside  
I will wait for you, I will wait for you  
Don't be afraid, you can't push me away  
I will wait for you, I will wait for you  
Till the light in your eyes  
Reappears, I'll be here by your side  
I see you fightin' those demons inside  
I will wait for you, I will wait  
I will wait for you

[Zwrotka]

Lost in the tide  
Tried to swim against the waves  
Don't let your hope be pulled away  
I know what it's like  
I've seen dark and lonely days  
I know you'll make it out okay

[Pre-Chorus]

Oh, oh-oh  
It gets better when you reach the other side  
Oh, oh-oh  
It's hard to see it, but I promise there's a light

[Refren]

I see you fightin' those demons inside  
I will wait for you, I will wait for you  
Don't be afraid, you can't push me away  
I will wait for you, I will wait for you  
Till the light in your eyes  
Reappears, I'll be here by your side  
I see you fightin' those demons inside  
I will wait for you, I will wait

[Bridge]

Don't let the words in your head ever drown you out  
(Oh-oh-oh-oh)  
Don't let the weight of the world ever bring you down  
(Oh-oh-oh-oh)  
Keep fightin' your demons, I know you can make it out  
(Oh-oh-oh-oh)  
I hope that one day you can see how I see you now

[Refren]

I see you fightin' those demons inside

I will wait for you (Oh), I will wait for you  
Don't be afraid, you can't push me away  
I will wait for you, I will wait for you  
Till the light in your eyes  
Reappears, I'll be here by your side  
I see you fightin' those demons inside  
I will wait for you, I will wait  
I will wait for you
