

Myra, Hanging Up On You

You called me on the phone
And made like everything was alright
You said you were alone
Just hanging around the house last night

It's unbelievable the way you were treating me
I'm not so gullible
Don't believe I couldn't see
Now I'm so onto you
Am I getting through
Guess what I'm gonna do

I'm hanging up on you on all of your lies
I got you figure it out till you can take off your disguise
I'm hanging up on you on everything you said
So I'm hanging up...goodbye

My girls took me out to movies
And boy I didn't have a clue
I guess that you just want you didn't do it
Cause I saw her sitting there with you

It's unbelievable the way you were treating me
I'm not so gullible
Don't believe I couldn't see
Now I'm so onto you
Am I getting through
Guess what I'm gonna do

I'm hanging up on you on all of your lies
I got to figure out till you can take off your disguise
I'm hanging up on you on everything you said
So I'm hanging up...goodbye

Baby I miss you
But I promise I won't cry
My heart wants to stay with you
But I'm telling you goodbye
