

Myra, Like A Girl In Love

My friends all say there's something goin' on
I'm not the same
They say I'm acting crazy
So what if all I do is spell your name out in the sand
I like to think I'm dreaming

You're all I'm waiting for
It's a razzmatazz
I don't think that I can take it
My heart ticks to the time
It's a tick-a tock-a tick-it-y-tock

(Chorus:)
You got me smiling like I never smiled before
You got me falling like I never fell before
You got me
Feeling like I never can get enough
You got me feeling like a girl in love

It's Friday night there's something magic hanging in the air
You said I should be ready
I feel the butterflies inside
The ones that show I care
I'm gonna be your baby

You're all I'm waiting for
It's a razzmatazz
I don't think that I can take it
My heart ticks to the time
It's a tick-a tock-a tick-it-y tock

(Chorus)

You got me smiling
You got me falling
You got me feeling like
Oh no no no no no
Like a girl in love

You make me smile
Like I never did before
You make me fall
Like I never, never fell before
You got me feeling like
I never can get enough
You got me feeling like a girl in love

(Chorus)
