

Myrkur, Menneskebarn

Green grass, blue sky
Take it all in
Blackbirds and butterflies
Run like the wind

Calm winds
Fire burning
Dark eyes

Sleep my child
Sleep
Sleep my child
I will always be here

Full moon, starry sky
Will darkness ever show
In the endless summer nights
Only the gods will know

My boy
Let me hold you
Listen to my voice

Sleep my child
Sleep
Sleep my child
I will always be here
