

Mysteries Of Life, Downhill

Sunspot
Right on time
Almost past my prime

It's all downhill from here
It's all downhill from here

Slingshot
Missed by a mile
Almost out of style

It's all downhill from here
It's all downhill from here

I'm, I'm starting to slide
I'm, I'm crossing the line
I, I keep it in mind

Tiptoe
Crane my neck
So so
Kept in check

It's all downhill from here
It's all downhill from here

I'm, I'm starting to slide
I'm, I'm crossing the line
I, I keep it in mind

Come back
Been a man
Almost as if by plan

It's all downhill from here
It's all downhill from here
