

Mystery Jets, Mj

Don't tell anyone
Don't tell anyone
Don't tell anyone
We share a joke in the
Well fine, i know how to make you laugh
No hang ups between us
Not like the other girls in love
You're different, confident
Our secret's safe with me
Red lipstick on my cheek
Your love must last all week, girl
I can't tell, can't tell, can't tell anyone
What we've got going on
Don't tell, don't tell, don't tell anyone
What we've got going on
Hold hands, got plans
Don't tell anyone
What we've got going on
Can't tell, can't tell, can't tell anyone
Don't tell anyone
Don't tell anyone
Don't tell anyone
Our love is what others could never come to understand
But we like clothes, your heart beats so hard I can hear it with my hand
Would love it, if I ever
Ever caught your legs wrapped around me
Tear you from out my arms
And we'd be history, girl
Can't tell, can't tell, can't tell anyone
What we've got going on
Don't tell, don't tell, don't tell anyone
What we've got going on
Hold hands, got plans,
Don't tell anyone
What we've got going on
Can't tell, can't tell, don't tell anyone
Don't let them see us holding hands
Our love's one thing they'll never understand
Don't let them see us holding hands
Cos our love's one thing they'll never understand
Can't tell, can't tell, can't tell anyone
What we've got going on
Don't tell, don't tell, don't tell anyone
What we've got going on
Hold hands, got plans,
Don't tell anyone
What we've got going on
Can't tell, can't tell, can't tell anyone
Don't tell anyone
Don't tell anyone
Don't tell anyone
Don't tell anyone
