Mystic Circle, Understructable Power Of Darkness

Father of the uncleanless
We are one with your mind
Angels of the devil
In the countenence of your God

Seperated as Satan was
We will live with him
The fallen one he stands by us
Father of lies and misery

Father of lies and unholyness
We will be with you
Together we will fight against god
Seduce the mankind to sin

"Eat from the fruit to have immortal life
The snake said to the whore
And as she took the forbidden fruit
Victory - the snake had won"

When the ghost of the dead claimb from darkness to earth
And the last time for mankind has come
When dark spirits arise and the deamons awake
Then the unholy wedding is done
When the angels of light spread the blackness inside
And the end of the world will begin
Then all tears are gone and all wailling is done
And the christians put themselves in graves

"Oceans climb over the mountains
And they then dry up
Creatures on the see go on the land
And all seas are bruning
The birds assemble and all tries
And buildings are falling to get them
Stones are pushing tigether
And an earthquake bring mankind on their knees"

The earth is paved and the nation helpless
The dead one leave their graves
The stars are falling from the sky
And all mankind will die

The sky and earth is burning
And the devils come to earth
He looks what we had done
And built the reich of darkness

Fallen angels come to the earth and create a new race
Deamons of the hell exist for a new kingdom

God had built the evil one and now ist reich is damned
Satan has won in 6000 years and all is bounded with blood
The hordes of the unholy one will bring the end of the world
Signs of deamons will be built and the words of God will fall

Seperated as Satan was
We will live with him
The fallen one he stands by us
Father of lies and misery

Damage is done christi will be
Plasphemic words we hear
Incarnation of hell spirits

Into normal flesh

Father of lies and unholyness

Together we will fight against god
Seduce the mankind to sin
