

# Mystikal, Game

Chorus: Ras Kass

I'ma do what I wanna do, when I do it  
Ain't nuttin that you can do, when I'm gon' do it  
Rap game recognize the game  
and we came to bring the pain  
I'ma do what I wanna do, when I do it  
Ain't nuttin that you can do, when I'm gon' do it  
Rap game recognize the game  
Mystikal, Ras Kass came to bring the pain

(Mystikal)

I got mo' anger than you got in yo' whole body in one arm  
and that's a threat to Triple H, three times the harm  
That's right, you face to face with a villain  
Any has-been, gets harassed and gon' feel the ???  
Jump off roofs, land on backs  
Stomp on tongues, walk on necks, then I flex  
Crackin heads, I can't get no rest  
So many enemies, I don't know who to fight next - c'mon!  
I'd like to see you try to explain that to my, FIST..  
.. while it's in yo' forehead!  
And if you really think you got what it takes  
to step to the game, GO RIGHT AHEAD!

Chorus

(Ras Kass)

The ghettofabulous Rat Pack, inner city NASDAQ  
Young savages, that don't know how to act  
Rebels without a gat, that pin you to the mat  
Got devils havin flashbacks of When Animals Attack  
In a world that's assed out, after I spaz out  
Mash til I cash-out, hit my coffin and blast out  
(Why?) Cause real riders still do real things  
I'm "The Man in the Iron Mask," break steel guillotines  
Name is Rass Kass, livin Burger King style  
Have it my way, all day, every day  
Drink smoke lay, the game and no play  
Straight out of L.A, baby - "Get in my bel-ly!"  
Protein diet (??) just another Watts riot  
"All the ugly people, be quiet!"  
The R-A-S K-A-Double-S, yes  
Snappin necks for some live effects

Chorus

(Mystikal)

I don't like you.. and when I'm here  
and when I walk out (boooo) I see you don't like me too  
I've got a physical ability for causin misery  
You get maddest when I feed off your negativity  
For every boo, I'ma leave a bruise  
For every bad gesture, I'ma leave your ass messed up  
Watch your mouth, you talkin loud to the hard tester  
Back it up, you won't see nuttin unless I LET YA  
So you can keep that in mind when I pass by  
This is your big chance to say hello to the bad guy  
I run with the north side, dirty aren't I..  
.. cause I'm three times hellafied!

Chorus

..

Chorus
