

# Mytown, Body Bumpin

Body, Body, Body, Body,  
Body, Body, Body, Body,  
Body, Body, Body, Body,  
Body Bumpin...

She was just a young girl  
With a mind of a queen  
Her body bumpin'  
Do ya know what I mean  
I tell ya somethin'  
It ain't teh way that it seems  
'Cos she said that she was 18  
But She was just a young girl  
With a mind of a queen  
Her body bumpin'  
Do ya know what I mean  
I tell ya somethin'  
It ain't teh way that it seems  
'Cos she said that she was 18

My life means everything to me  
Ridin' 'round in chauffeured limousines  
No time for no-one to get close to me  
But there she was at the bar  
Drinkin' &quot;Sex on the beach&quot;

This girl was one sore-eyed remedy  
And then she said to me

How about a time and a place  
We meet when it's sunny  
Miami, paradise  
I don't need your money  
We can walk in the sand hand in hand  
I can be your girl  
And you can be my man

She was just a young girl  
With a mind of a queen  
Her body bumpin'  
Do ya know what I mean  
I tell ya somethin'  
It ain't teh way that it seems  
'Cos she said that she was 18

Fast life, took her all around the world  
Didn't know, didn't care  
'Cos she was my girl  
(One night) I bought her cars, some rings and furs  
I gotta say in a way  
I was fallin' for her

This girl was one sore-eyed remedy  
And then she said to me

How about a time and a place  
We meet when it's sunny  
Miami, paradise  
I don't need your money  
We can walk in the sand hand in hand
