

# Mytown, Lifetime Affair

Oh Yeah Yeah...  
Ohhh... Oh Yeah...

I know I never realized  
How much I need you in my life  
But it hit me when I was sleepin'  
I had a vision in my head  
It danced around and someone said  
Theres a secret that she's been keepin'

Your afraid to fall in love  
'Cause you've been hurt before  
I wanna let you know  
That this here love can work

Put your hand in my hand  
I wanna place a ring upon your finger  
For a lifetime affair  
I wanna know what's on you mind  
I wanna feel what you are thinking  
Tell me anything, I don't care

I wanna treat you like a princess  
The only thing that's missin'  
Is a crown filled with pearls, Yeah, Yeah  
I got no fancy way to get there  
I'd use the old-fashion way  
And sail around this whole world

I can see it

And I'd picture seeing  
Your face in the stars at night  
As I wish upon your radiance  
It guides me through the darkest days  
'Cause you know within your love, you know i'll be alright,  
You know

Put your hand in my hand  
I wanna place a ring upon your finger  
For a lifetime affair (For a lifetime affair)  
I wanna know what's on you mind ( I wanna know)  
I wanna feel what you are thinking  
Tell me anything, I don't care (Tell Me baby... Tell me baby...)

Put your hand in my hand  
I wanna place a ring upon your finger  
For a lifetime affair (for a lifetime... ohh ohh..)  
I wanna know what's on you mind  
I wanna feel what you are thinking (Lemme Know baby...)  
Tell me anything, I don't care

\*Spoken\*

And I'd picture seeing  
Your face in the stars at night  
As I wish upon your radiance  
It guides me through the darkest days  
'Cause you know within your love, You know i'll be alright...  
You know?

I want you to  
Put your hand in my hand  
I wanna place a ring upon your finger  
For a lifetime affair

I wanna know what's on you mind  
I wanna feel what you are thinking  
Tell me anything, I don't care  
(I wanna feel what you are thinking... C'mon Baby..)

Put your hand in my hand  
I wanna place a ring upon your finger  
For a lifetime affair  
I wanna know what's on you mind  
I wanna feel what you are thinking  
Tell me anything, I don't care

Put your hand in my hand  
I wanna place a ring upon your finger  
For a lifetime affair  
I wanna know what's on you mind  
I wanna feel what you are thinking  
Tell me anything, I don't care

Put your hand in my hand  
Put your hand in my hand  
I wanna place a ring upon your finger
