Jump in the car and tell your friends  
Checking out some grooves on the way  
Because tonight, Is the night  
Everything's gonna be alright  
Honey's jumping 'cos you got paid  
Friday night is comming- Yeah..  
And things will be alright

Hey DJ let the record spin  
Everybody get up and shake that thing  
Let the music take you over  
So get down, with the town  
You know we don't stop  
When the sun goes down  
Bring it on down to the floor  
It's time to rip this up some more  
Saturday night is comming  
And things will be alright
