

Mytown, This Is The Time

(Yeah, now it's time)
(Tonight's the night)
(Let's get dirty now)

This is the time
We'll be creepin' in your room tonight
This is the time of your life
This is the time
Jump it up and down all night now
This is the time of your life

Tell me what you wanna do
I wanna be with you
You're all that plays in my mind (baby)
Temptation's on your side
Don't go wastin' time
This is the time of your life

Girl ye gotta let me know
Do you like it fast or slow
We're gonna kick it all night long
Girl ye gotta let me see
Let me know you're the one for me
But you gotta keep me wantin' more

(Tonight's the night-Girl)

I'm crazy 'bout the things you do
That keeps me wantin' you
Cos' I've got nothin' to prove, Oh Yeah!
Girl it's time to decide
How I get with you tonight
This is the time of your life

Girl I wanna give you more
Let me know you're the one for sure
We're gonna bump it all night long
Girl ye gotta let me see
If you're the perfect girl for me
But you gotta keep me wantin' more

OHHH!
Everything I wanna do is for you
OHHH!
Everything I wanna do is for you

This is the time of your life
We're gonna kick it all night
This is the time of your life
