

Mz Ann Thropik, Queen 222

Round and round it came full circle
No more of your misery sat inside of me,
set inside of me.
A vampire knocked on my door
An invitation I accepted
gratefully, so gracefully
Well everyone gets a second chance
Your cotton
covered world wasnt right for me,
so wrong for me.
Ill zip my boots and lace
me in
Rubber clad and leather dreams,
oh those leather screams
Im the
Queen from the dark side up (x3)
And I spit you out(x2)
Im the
Queen from the dark side up (x3)
And I spit you out(x2)
Spun around its 9 to 5
The clock stops the sun it dies and theres no more lies,
theres no more lies
A vampire bite on my neck
Whispered screams and ruby spills from his tenderlips,
those precious lips
Well its 1,2,3 strikes out
I wear my crown,
I shut the door and I shut your mouth,
then I spit you out
Im the
Queen from the dark side up (x3)
And I spit you out(x2)
Im the
Queen from the dark side up (x3)
And I spit you out(x2)
(Shake Shake Shake Shake Shake
Rattle Rattle Rattle Rattle
In your bones)
