

# N-DUBZ, Missing You

Ooohh Yeeeahh  
Oooohh

I Remember The Time  
When I Saw Your Face For The Last Time  
It Was Like Id Never Cried So Much In My Life Before  
I Know Ur Watching Us;

She Had A Smile That Was So Neat  
Had A Voice That Was So Sweet  
I Even Used To Like It When She Kissed Me On The Cheek  
I Really Used To Love It When We Chilled On The Beach Whilst  
Listening To Beats  
It Was Funny Takin A Drag Of Her Fag Blazin At The Sun  
Always Lookin Out For Me Like I Was Your Son  
Picturing The State Of Your Mum  
Knowin She Lost Her Only Daughter That Never Made It To 21  
It All Started On Friday 13th Up In The Cafe  
Tryin To Persuade You To Come For A Drink  
But You Was Persistent To Stay  
I Could Tell By The Look In Your Eyes  
Something Was Moving The Wrong Way  
So Unfortunalty You Decided To Climb On The Back Of Your Mans Bike  
To Go On A Ride Whilst He Was Out Of His Head  
You Shoulde Been Here Instead  
But It Is To Late Your Already Lying Dead  
In A Hospital Bed.

Now Help Me Ive Said Goodbye  
A Very Special Young Girl  
Whos Life Have Just Been Taken Away  
And Ive Grown To Realize  
Apprieciate Its Your Life  
That Can Be Taken That Day

Ive Been Thinkin Bout All Of These Tradgies  
This Life This Group Has Me  
And Ive Just Been Wasting Away  
Everytime That I Think About The Way You Died  
My Chest Was Just So Tight I Wanna Break Down And Cry  
Somethings Really Wrong Inside  
No No Wooo

My Friend, I Never Thought Id Say Goodbye  
Somebody Tell Me Whyyy  
We Had To Loose You Like This  
My Friend, I Never Thought Id Say Goodbye  
Somebody Tell Me Whyyy  
We're Missing You? We're Missing You? Ohh

Yoyoyo I Still Think About The Past  
Last Summer By The Tree Where We Played The Guitar  
And Had A Drink And A Laugh  
And After That You Would Lay Down And Show Me The Stars  
But Then 12 Months Later  
You Left Me Messages  
Scared To Hear That You Passed  
I Cried So Many Tears So Hard It Broke My Heart  
Knowin That We Cried On The Same Binge With 2 Kids  
Dib On Your Way To Buy A Pack Of Cigs  
But

If Only Youuu (If Only You Would Listen When We Told You Our Plans)  
You Wouldnt Beee (Where You Are Right Now,6 Feet Underground)

Yoo hoo Would Get A 2nd Chance (Yeah, All That Would Be Forgotten  
Send You Back To This Earth Where You Deserve And By The Way  
Here's Somethin' That We Wrote For Your 21st)  
Yeah

Everytime I Think About The Way You Died  
My Chest Goes So Tight I Wanna Break Down And Cry  
Somethings Really Wrong Inside  
No No No Woo

My Friend, I Never Thought I'd Say Goodbye  
Somebody Tell Me Whyyy  
We Had To Loose You Like This  
My Friend, I Never Thought I'd Say Goodbye  
Somebody Tell Me Whyyy  
We're Missing You? We're Missing You? Ohh
