

N*E*R*D*, Things are getting better

See sometimes you gotta realize where you are in your life
In order to feel good
And I feel good baby
Listen to me

Verse 1

Walk in the club with a bunch of thugs
Modify your brains
So they call me drugs
See a hundred girls
Get a thousand hugs
Ones in my ear talking bout her tub She likes me
She says she needs me
She says she wants me
Cause Im the shit
She says she likes me
She says she needs me
She wants to see me
Cause Im the shit

Chorus

Now it seems that things are really getting better
In my life
Is it just today or things are really getting better
Well see tonight
Well see tonight
Hey little girl with the tattoo thigh
Baby you look like a slice of pie
Hope my style dont cause you fear
Matter of fact baby where you going from here
2X

Kiss on me baby
Lick on me baby
But you cant own me baby
Cause Im the shit

Chorus

Check it out now
Dont look at me like what is up
Said I was a nerd
But I aint a punk
If you talk shit
Be prepare to thump
Plus Terrors 4/4 is prepared to dump
Watch out boy
Get back there
Watch how you actin
Cause Im the shit
Im tellin you watch it now
Tell your boys to get back there,
Watch how yall actin
Cause we the shit
