

# N.O.R.E., God's Favorite

Got to be God's favorite.

A what's up all the people in the world &quot;all the people in the world&quot;;..

Everybody across seas..

Everybody, everywhere, that love N-O-R-E

&quot;I know y'all love me&quot;;

I know my fans been sitting around waiting

They looking...

Said damn it's summertime n-o

Ain't drop one

I know I drop one four summers straight&quot;;four summers&quot;;..

Had to pause this summer though &quot;had to pause&quot;;

Learn how to be a motherfucking man

&quot;learn how to be a man&quot;;

You know..

Spend sometime with the motherfucking kids and shit..

Be a man on my motherfucking own &quot;be a man&quot;;

Still got the crew, still roll with my niggaz..

But I just had to focus... focus as a motherfucking man as a solo artist..again..

I know last time I dropped one

It's not that I let the people down..

I let myself down.. my mind wasn't there..

Just wasn't focused but ain't none of that shit no more &quot;no more&quot;;..

None that stress..

I dealt with all that shit..

I know niggaz is sitting around like damn..

He named the album God's favorite...God's favorite..

What the fuck he mean by that..

I mean with all this drama we be going through... shit on the street..

Nigga hating niggaz from my same origin, fucking with niggaz

They not supposed to fuck with &quot;foul man&quot;;..

Shit is just too much &quot;too much&quot;;

Jail calling &quot;jail calling us&quot;;

Like we still fucking hustling &quot;police&quot;;..

Got to be God's favorite

I been through so much in my life time, as a artist, as a regular nigga

And now as a man &quot;a man&quot;;..

God's favorite &quot;God's favorite nigga, God's favorite..nigga, God's fav cough..cough..

Man I got to be&quot;;..
