

'N Sync, Celebrity

[CHORUS:]

If I wasn't a celebrity
Would you be so nice to me?
If I couldn't have G's like everyday
Would you still wanna be with me?
If I couldn't buy you diamond rings
And all those other expensive things
Would you be so into me?
If I wasn't a celebrity
(Lately)
I done a little thinking
'Bout the things
That satisfy you
It's making me wonder
'Bout the things that
You see in me
Hate the way you
You like to say your
Man's a celebrity
Baby what's the deal?
I thought you wanted me for me
Say what you mean
Mean what you say
Push me away
'Cause I ain't got
No time to play
So I say
If I wasn't a celebrity
Would you be so nice to me?
If I couldn't have G's like everyday
Would you still wanna be with me?
Baby, if I couldn't buy you diamond rings
And all those other expensive things
Would you be so into me?
If I wasn't a celebrity
Celebrity, celebrity
Celebrity, celebrity
Celebrity, celebrity
Celebrity, celebrity
You having a good time
Living the life that
I made out for me
Costing me fortunes
Spending my money
On everything you see
See it would be different
If you had something,
Maybe like a
J-O-B
You need to
Get your end together, yeah
Stop running games
It ain't about my fame
If things were this way
You'd be gone a long time ago
[Repeat chorus]
If you really love me
You'd try to show me
That it ain't even about my name
But you tried to use me
And tried to fool me
So we can never be the same
So now, I'm, leaving you behind
I found somebody

Who can love for me
And that's all I need, yeah, oh
Celebrity, celebrity
Celebrity, celebrity
Celebrity, celebrity
Celebrity, celebrity
[Repeat chorus thrice]
