

'N Sync, Giddy Up

Gotta giddy up,
Gotta giddy up,
Gotta giddy up,
Gotta Giddy up

Tried to get a hold of you last night,
call you on the phone
Thinkin' to myself something ain't right, girl were you alone?
Letting little things come between us, all we do is fuss
When all I wanna do is show you love

So I say, Hold up!
I'm tired of all these lies
Hold up!
If you wanna make things right
And I say, Hold up!
I'm tired of all these lies
Hold up!
Cause if you wanna make things right, you got to

Giddy up, Giddy up, Giddy up now
I gotta giddy up
Giddy up, Giddy up, Giddy up now
I gotta giddy up
Giddy up, Giddy up, Giddy up now
I gotta giddy up
Giddy up, Giddy up, Giddy up now
I gotta giddy up

Remembering the way we used to be, everything was cool
And now you've gone and done all this to me
Maybe we can turn this love around, give it one more try
Every time you're thinking about saying goodbye

(Chorus)

Ride it, ride it, ride it, ride it
Ride it, ride it, ride it
Giddy up
giddy up

Ride it, ride it, ride it, ride it
Ride it, ride it, ride it
Giddy up
giddy up

ride it ride it ride ride it
Ride it, ride it, ride it
Giddy up
giddy up

ride it ride it ride it

gonna get this crunk!

giddy up!
