

# 'N Sync, I Don't Wanna Spend One More C

This is the time of year, that we learn to give  
And the greatest gift is learning to forgive.  
We will have the best that time we ever knew  
If you forgive me and I forgive you

I don't want to light a fire  
Unless it will warm your heart  
I'm playin no holiday songs  
I need you to sing your part  
And baby if I could have just one wish come true  
I don't wanna spend one more Christmas without you

It's so hard to believe  
We're staring at the end  
When all we think about is starting up again  
Whatever we lost, when we were apart  
We'll find it all alone in the dark

I don't wanna light a fire  
Unless it will warm your heart  
I'm playin no holiday songs  
I need you to sing your part  
And baby if I could have just one wish come true  
I don't wanna spend one more Christmas without you

Theres nothing more that I want from you  
Then lie here together and stay here forever with you  
Theres no one I eeve knew that I wanted to spend Christmas with, more than you

I don't wanna light a fire  
Unless it will warm your heart  
I'm playin no holiday songs  
I need you to sing your part  
And baby if I could have just one wish come true  
I don't wanna spend one more Christmas without you
