

'N Sync, I Don't Wanna Spend One More Christmas

This is the time of year, that we learn to give
And the greatest gift is learning to forgive.
We will have the best that time we ever knew
If you forgive me and I forgive you

I don't want to light a fire
Unless it will warm your heart
I'm playin no holiday songs
I need you to sing your part
And baby if I could have just one wish come true
I don't wanna spend one more Christmas without you

It's so hard to believe
We're staring at the end
When all we think about is starting up again
Whatever we lost, when we were apart
We'll find it all alone in the dark

I don't wanna light a fire
Unless it will warm your heart
I'm playin no holiday songs
I need you to sing your part
And baby if I could have just one wish come true
I don't wanna spend one more Christmas without you

Theres nothing more that I want from you
Then lie here together and stay here forever with you
Theres no one I evey knew that I wanted to spend Christmas with, more than you

I don't wanna light a fire
Unless it will warm your heart
I'm playin no holiday songs
I need you to sing your part
And baby if I could have just one wish come true
I don't wanna spend one more Christmas without you
