

# 'N Sync, It's Christmas

Ohhh, it's Christmas  
Ohhhhhhh ahhhhhh

I'm so glad that you came my way  
From a million stars  
Here you are  
I swear your love is mine  
Somehow I knew that you were made for me  
I can't believe that my wish came true  
I'll never let ya go baby

Chorus:  
People are celebrating all throughout the world  
And that's what we gonna do tonight  
Cuz we got so much, so much love to share  
Ohhh, It's Christmas  
And we'll share a love just like we did last year  
Ohhh, It's Christmas  
And you know I'm gonna be right here

And still my heart belongs to you and only you  
Merry Christmas darlin'  
Let us share the joy of love tonight  
Cold winds tonight may come and go  
And We're still dancing slow  
Can't you hear my song?  
The song I sing for you  
Yes, I sing for you

Chorus

I'm gonna be right there for you  
You should know by now it's true  
I'm not gonna leave

Chorus

And I wish you such a nice Christmas  
And a merry Christmas to all  
Merry Christmas to the world
