

'N Sync, Jingle Bells

Jingle bells, jingle bells, jingle all the way
Jingle bells, jingle bells, jingle all the way
Jingle bells, jingle bells, jingle all the way
Jingle bells, jingle bells, jingle all the way

Christmas time is so special
When you're kissing me
Under the (under the) under the mistletoe
Exchanging love and gifts
Sitting in front of the tree
Me holding you, and you holding me baby

Wishin', I pray to be in love on Christmas
Because Christmas love gives me that feeling
Wishin', I pray to be in love on Christmas
Because everybody should be in love with somebody on Christmas

Last year, Christmas
It happened without us
I was all mixed up and confused
I didn't know what to do baby (what to do babe)
I never thought I'd feel this way
I always thought that Christmas was a happy day
I always pray that Santa packed love on a sleigh and send it my way

Wishin', I pray, to be in love on Christmas
Because Christmas love gives me that feeling
Wishin', I pray, to be in love on Christmas (everybody needs loving baby)
Because everybody should be in love with somebody on Christmas

What a beautiful time
(Oh what a beautiful time)
Time it is (is)
A time to open gifts
And play with all the kids
Yes, it's Christmas (Yes, it's Christmas)
Yes it's Christmas time again
Girl I love you (girl I love you baby)
Yes I love you (yes I love you baby)
It's Christmas time again

To be in love on Christmas (girl I love you baby, yes I love you baby)
What a beautiful time it is
A time to open gifts
Yes, now it's Christmas time
And I am yours and you are mine
Ooh when you're kissing me,
Right under my Christmas tree
Baby come close to me 'cuz this is how it should be

CHORUS(to fade)
