

# 'N Sync, U Drive Me Crazy

Chorus:

You drive me crazy  
Why are you messin' with my mind  
You drive me crazy  
Why are you fellin' all these lies  
You drive me crazy  
Stop doing all these things to me  
You drive me crazy  
'Cause all I want is to be free  
I'm feeling weak  
I cannot sleep  
My head is burning  
I feel cold down to my feet  
I wanna yell somebody help  
Is there a guilt for what I've got  
Somebody tell me  
I need your lovin' face  
I need your sweet embrace  
'Cause you are my only medicine

Chorus

You're on my mind  
I'm so uptight  
I feel sensation in my head  
Down to my spine  
Going insane can't stand the pain  
Is my condition permanent  
Somebody tell me  
I need your lovin' face  
I need your sweet embrace  
'Cause you are my only medicine

Chorus

24 seven  
You are on my mind  
I'm going crazy  
You are the cure and you know but you don't care  
Girl you driving me insane  
You can say what you want to  
Do what you want  
As long as you love me girl  
I won't front you  
You're the sweetest thing  
Let me be your man  
Let me hold your hand  
Or let me be your friend  
Meanwhile I will set  
The house up on hill  
Girl as you know  
It's all about the dollar-bill  
Gonna treat you as a queen  
Like a lady  
Chica Chico you drive me crazy  
You're always on my mind  
I need you all the time  
So come and get with me  
'Cause darlin' you're the one I need  
Someone to hold me tight  
'Cause I can't sleep at night  
You are my fantasy  
Girl you drive me crazy
