

'N Sync, Up Against The Wall

You know we don't care at all
Let, let me see you up, up against the wall

Two step

I was just doin' my thing
Hanging out at the spot
You know the place we go
The music sure plays hot
And everybody was feeling the DJ
Smoke cleared and I saw a beautiful lady
The lights went low and the disco ball came down
She walked up to me so and you know what happens now
The girl was fine and she knew she had game
What more do I have to say

CHORUS

She took my hand
We never said a word at all
We started grinding
Shorty had me up against the wall
Ask me about tomorrow
You know that I don't care at all
I just got caught up when she had me up against the wall

You know we don't care at all
(Just get caught up when you're up against the wall)
(We don't, we don't care at all)
You know we don't care at all, let, let me see you up, up against the wall

It's almost 2 o'clock
It's time to make my move
The after hours spot
Is where I'm going to
'Cause I gotta have some more
Looking for somebody to hit the dance floor
And lucky for me I see a fine young lady's eyeing me
The lights are low and her friends were all around
I walked up to her so and you know what happens now
She turned around and she worked it the worst way
What more do I have to say

She took my hand
We never said a word at all
We started grinding
Shorty had me up against the wall
Ask me about tomorrow
You know that I don't care at all
I just got caught up when she had me up against the wall
She already had me up against the wall

Mirror mirror on the wall, who's the cutest one you saw?
She's underneath the disco ball. The disco ball? The disco ball.
Standing next to strobe lights, dancin' hot, lookin' tight
The freaks sure do come out at night, out at night, night, night, night
What more (whoo) do I have to say

Two step

She took my hand
We never said a word at all
We started grinding
Shorty had me up against the wall
Ask me about tomorrow

You know that I don't care at all
I just got caught up when she had me up against the wall

She took my hand
We never said a word at all
We started grinding
Shorty had me up against the wall
Ask me about tomorrow
You know that I don't care at all
I just got caught up when she had me up against the wall

I just got caught up when you had me up against the wall

We don't, we don't care at all

You know we don't care at all
Just get caught up when you're up against the wall

We don't, we don't care at all

You know we don't care at all
That that we see you up, up against the wall

We don't, we don't care at all

You know we don't care at all
Just get caught up when you're up against the wall

We don't, we don't care at all

You know we don't care at all
That that we see you up, up against the wall
