

# 'N Sync, Up Against The Wall

You know we don't care at all that that we see you up up against the wall

I was just doin' my thing hanging'out at the spot  
You know the place we go the music's John Blaze hot  
And everybody was feeling the DJ  
The smoke cleared and I saw a beautiful lady  
The lights went low  
And the disco ball came down  
She walked up to me slow and you know what happens now  
The girl was fine and she knew she had game  
What more do I have to say

She took my hand  
We never said a word at all  
We started grindin'  
Shorty had me up against the wall  
Ask me about tomorrow you know that I don't care at all  
I just got caught up when she had me up against the wall

You know we don't care at all, you just get caught up when you're up against the wall  
We don't, we don't care at all  
You know we don't care at all let let me see you up up against the wall

It's almost 2 o'clock It's time to make my move  
The afterhours spot is where I'm goin' to  
'cause I gotta have some more lookin' for  
somebody to hit the dance floor  
And lucky for me I see a fine young lady's eyein' me  
The lights are low  
And her friends were all around  
I walked up to her slow and you know what happens now  
She turned around and she worked in the worst way  
What more do I have to say

She took my hand we never said a word at all  
We started grindin' shorty had me up against the wall  
Ask me about tomorrow you know that I don't care at all  
I just got caught up and she had me up against the wall

Mirror mirror on the wall  
Who's the cutest one you saw  
She's underneath the disco ball  
the disco ball the disco ball  
Standin' next to the strobe light  
Dancin' hot, lookin' tight  
The freaks sure do come out at night  
out at night (night night night)

What more do I have to say  
(repeat chorus 3x)

We don't, we don't care at all

You know we don't care at all, you just get caught up when you're up against the wall  
We don't, we don't care at all  
You know we don't care at all that that we see you up up against the wall  
(repeat 3x)
