Yo give me something to dance to
(calling the police, calling the humans, calling all americans to war on the under world)
Arabain prince!
Back when the style is hype
Not slow and low
Its the fast type
Gettin dum

Hold it wait a minute
U need somethin else in it
This is what i want u to do
Feel the groove
Bust a move
Yo yo im tired what about u?
(man this is something to dance to)

Yo y dont u bring back the other track

With all these females pulling on my sleeve
