Nachtfalke, Fallen Heroes

Great battles under the north star Fighting for honour and blood With iron will under the sun wheel Hallowed be the fight Remember the fallen heroes It's a fine day to die Heroism in the blitzkrieg Baptized with flesh and steel Bounded by the sun wheel Hallowed be the war Remember the fallen heroes It's a fine day to die Marching through the ruins Hold high our right hands Killing under the sun wheel Hallowed be the death Remember the fallen heroes It's a fine day to die
