

# Nada Surf, Armies Walk

I was about to change  
But you stay the same  
I was about to change  
But you stay the same  
I was about to change  
But you stay the same  
I was about to change  
Make ???? somebody else  
????

Can't foresee it ends ???  
Armies Walk, listen to me  
Armies Walk, listen to me  
I was about to change  
But you stay the same  
I was about to change  
But you stay the same  
I was about to change  
Woohoo

But you stay the same  
I dreamt that we woke up  
You've gotta miss ???  
???

Armies Walk, listen to me
