

Nada Surf, Blonde On Blonde

cats and dogs are coming down
14th street is gonna drown
everyone else rushing round
i've got blonde on blonde
on my portable stereo
it's a lullabye
from a giant golden radio
i've got no time i wanna lose
to people with something to prove
what can you do but let them walk
and make your way down the block
i've got blonde on blonde
on my portable stereo
it's a lullabye
from a giant golden radio
it's a lullabye
from wonder-woman's radio
